WORK EXPERIENCE

Inspire Softech Solutions | Full Stack Developer Intern

- Built responsive, mobile-friendly web interfaces using HTML, CSS, Bootstrap, and JavaScript — including semantic layouts, styling, and DOM manipulation for dynamic user interactions.
- Developed back-end logic using Python and Django, implementing core concepts such as OOP, routing, and views to build functional full-stack web applications from scratch.
- Gained end-to-end understanding of how front-end and back-end technologies integrate, completing a structured program covering the full web development lifecycle.
- Strengthened problem-solving and debugging skills by working through real-world application issues, building confidence in shipping complete web features independently.

TECHNICAL SKILLS

Languages: Python, JavaScript, HTML5, CSS3, SQL

Frameworks: Django, Bootstrap

Tools & Platforms: Git, GitHub, VS Code, Cursor

Concepts: Full-Stack Development, Responsive Design, REST APIs, DOM Manipulation, Debugging & Optimization

Soft Skills: Attention to Detail, Logical Problem-Solving, Creative Thinking, Team Collaboration

ACHIEVEMENTS & EXTRACURRICULARS

- ▶ Organized and coordinated a college-level technical hackathon with 100+ student participants, managing logistics, scheduling, and cross-team communication.
- ▶ Represented college at multiple intercollegiate technical symposiums, competing in technical events and expanding industry exposure.
- ▶ Additional creative skills: pencil sketching, portrait art, and professional manga illustration — published work through Thunder Boys startup.

PROJECTS

HealthMate | Full Stack Web App | Python · Django · HTML · CSS · JS 2025

- ▶ Designed and developed a health-management web application from scratch, handling both frontend UI and backend logic as a solo developer.
- ▶ Implemented user authentication, health tracking dashboards, and a responsive interface optimized for ease of use.
- ▶ Built with Python/Django backend and HTML/CSS/JavaScript frontend, demonstrating end-to-end full stack ownership.

Zivah Styles | E-Commerce Cloth Shop | JavaScript · CSS · HTML 2026

- ▶ Built a fully functional clothing shop web application with a structured codebase split across HTML, CSS, and JavaScript modules.
- ▶ Implemented interactive UI features using JavaScript (55% of codebase) for product browsing and dynamic page behaviour.
